Update to penalty times:

The rule changes have outlined adjusted times for minor penalties. In Arizona, all divisions **14U and above are exempt** from this change.

For **12U or below**, minor penalties will be as follows:

12 Minute Periods or Less: 1:00 minor

Greater Than 12 Min Periods 1:30 minor

17 Min or More Periods 2:00 minor

The penalty limits have also changed. Players are now ejected after 4 penalties and given a game misconduct and coaches are given a game misconduct after 12 penalties in youth games.

Some rinks enforce the GRETZKY Rule, check with the adult coordinator of the rink you work at to see if the Gretzky rule applies. It is usually in the beginner divisions the GRETZKY rule is enforced. The GRETZKY rule: a player is allowed to score 3 goals during a single game. If a player scores a 4th goal, the goal is disallowed and the resulting face off will be in the shooting team's defensive zone and treated the same way as an icing call. If a game goes to a shootout and a player has 3 goals, that player is not allowed to participate in the shootout.

**AZ ICE Peoria GRETZKY RULE---it is used in Peoria for "D, Beginner, and Open divisions. Each player is allowed 4 goals, with the fifth being considered the same as icing.

Scorekeeper expectations:

- On time means arriving to the rink **20 minutes** before your scheduled game time
- Playing music before, during breaks and after the game (age appropriate with not profanity)
- Take attendance before the start of the game, ensuring the players and number match the roster
- Announce all goals, penalties and any other pertinent information (first and last names of players)
- **No use of cell phones during game unless used for music, and only for music (no facebook, snapchat, twitter, web surfing, etc)**
- Wait for on-ice officials to exit the ice before leaving at the end of the game so they can review and sign the scoresheet --- you must email a PDF copy of the scoresheets to ahrascoresheets@gmail.com (see below for more in depth instructions)

Scoresheets:

The following is to be done at each and every game you scorekeep, no exceptions!

Pre game:

- Obtain scoresheet from league director or home team manager
- Make sure the home and away rosters are filled out with players correct numbers, confirm with team manager or coach if needed (DO THIS BEFORE THE START OF THE GAME)
- Make sure coaches sign scoresheet (this serves as them verifying the roster)
- **During warm ups, assure that the players on the ice are the players on the score sheet by taking roll (circling or checking off numbers as well as taking a physical count of players on the ice)**

During game:

- Write legibly
- Writing goals and penalties in the designated places on the scoresheets with the time reflecting the time remaining in the period (aka what is shown when you stop the clock)
- Goals: record period number, time of the goal, player number for the goal and assists as well as type of goal scored (BE SURE THE NUMBER OF THE PLAYER IS LISTED ON THE ROSTER, if not, alert the on-ice official)
- Penalties: Period number, player number, offense, length of penalty, as well as time off the ice, the actual start of the penalty and time the penalty expires. If a 10 minute or coincidental penalty expires, you should record the time the penalty would be over, not the time they return to the ice at a stoppage of play
- Goalkeeping stats: make sure to record starting goal number and then record EACH period the shots against as well as the shots saved in the appropriate columns

End of game:

- Ensure all information is filled in (scoring summary and goalie stats)
- Cross out remaining boxes
- Be sure the officials review the scoresheet and that they SIGN IT! *Do not leave before the officials are off the ice*
- Legibly fill in your name and the names of ALL of the officials working the game
- Turn scoresheet back into league director or home team manager

MOST IMPORTANT----->>>> A pdf (not picture) of each complete score sheet must be emailed upon the conclusion of each game. Please change the document name to "**Rink Name, Game Date, Start Time**", click share, select email, enter ahrascoresheets@gmail.com, and press send. Please have the referee signature prior.

Announcing/playing music:

Announcing goals and penalties:

Along with recording goals and penalties, you are asked to announce the goals, assists, penalties along with other pertinent information as it pertains to the game. You can have any variation of goal and penalty announcements but here are a few examples that can be used as a guideline.

An example of announcing a goal is:

Announcer: "The Midtown Zebra goal at 13:12 of 1st period was scored by #7, Chris Miles, with an assist to #8, Bob Hayden. Miles from Hayden at 13:12."

An example of announcing a penalty is:

Announcer: "A minor penalty plus a misconduct was assessed to West Side player # 20, Jeff Marten, for checking from behind. Time of the penalty is 1:13 of the 2nd period. Marten, checking from behind at 1:13."

Please also play music during the beginning of the game, at stoppages and intermissions. This music should be age appropriate with no profanities or explicit content. Basically what you hear on the radio, would be appropriate to play during a game.
